2020 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

17

Services Provided

Falcon Highlands Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court of El Paso County, Colorado on November 14, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by El Paso County Commissioners on July 25, 2002. The District's service area is located in the unincorporated town of Falcon in El Paso County, Colorado. The District was established to provide water, sanitary sewage, drainage, landscaping, public transportation, street improvements, traffic and safety controls, parks and recreation facilities, mosquito control and television relay and translation systems.

On November 5, 2002, the District voters approved authorized debt in the amount \$20,750,000 for streets, parks and recreation, water, storm and sanitary sewer, public transportation, mosquito control, safety control, television relay, and operations and maintenance. Also, the District voters approved authorized debt in the amount of \$20,000,000 for debt refunding; and an annual increase in taxes of \$450,000. The election also provided for intergovernmental agreements as multi-fiscal year obligations and allows the District to retain all revenues, other than ad valorem taxes, without regard to the limitations contained in Article X, Section 20 of the Colorado Constitution or any other law.

The District's service plan limits the total debt issuance to \$25,000,000, with a maximum mill levy of 30.000 mills for debt service and 5.000 mills for operations and maintenance, as adjusted for changes in the ratio of actual value to assessed value of property within the District. The debt service and operations and maintenance mill levies have been adjusted due to a change in the method of calculating assessed valuation.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material. For financial statement reporting purposes in accordance with generally accepted accounting principles (GAAP), the District uses the accrual method of accounting for the Enterprise Fund. Under GAAP, capital expenditures are recorded as assets and depreciation on fixed assets is recognized as an operating expense. For budget reporting, capital expenditures are reported as expenditures and depreciation is not recognized. To distinguish the difference in reporting, for budget reporting the District uses "Funds Available," which is defined as current assets less current liabilities, in lieu of fund balance for GAAP reporting.

The District has no employees. All administrative and operating functions are contracted.

2020 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

18

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

The change in assessment ration from 7.20% to 7.15% allows the District to adjust its mill levy to offset the decrease in revenues. Accordingly, the District adjusted its mill levy to 6.140 for operation and 36.839 for debt service.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 11% of the property taxes collected.

Service Charges

The District receives service fees for street lighting, maintenance, administration, water treatment, and water usage. The District bills residential and commercial customers monthly for such services at established rates.

Water Tap, Sewer Tap and Infrastructure Improvement Fees

The District charges water tap, sewer tap and infrastructure fees for new users to connect to the District's water and sewer systems. The District has not budgeted any water, sewer, and infrastructure taps and fees for 2020.

Water Meter, Inspection, and Operations and Maintenance Reserve Fees

The District collects water meter, inspection, and operations and maintenance reserve fees with each tap application to cover the costs of administration and future maintenance needs. The District has not budgeted any water meter, inspection and operations and maintenance reserve fees for 2020.

Conservation Trust (Lottery Proceeds)

The District anticipates receiving revenue from the State Lottery on a per capita basis ratio. The revenue is restricted for recreation purposes under state statutes.

Directors of the District. The Bonds, the Series 2004 B-1 Notes and the Series 2006 B-2 Notes (collectively the “Notes”) were issued for the purposes of (i) constructing certain infrastructure improvements within the District; (ii) reimbursing the Developer for funds expended by the Developer for organizational costs of the District and construction of certain infrastructure improvements completed by the Developer within the District; (iii) funding the Reserve Account for the Bonds, which Reserve Account will also be available to pay debt service on the Bonds under certain circumstances; (iv) paying approximately one and one-fourth year’s capitalized interest on the bonds, and (v) paying the issuance expenses and Underwriter’s fees with respect to the Bonds and Notes.

The Bonds bear interest at 7.625%, calculated on the basis of a 360 day year of twelve 30 day months, payable semi-annually on June 15 and December 15, beginning on December 15, 2004. Annual mandatory sinking fund principal payments are due on December 15, beginning on December 15, 2005. The Bonds mature on December 15, 2034. The Notes bear interest at 2.000% - 8.000%, calculated on the basis of a 360 day year of twelve 30 day months, payable annually on December 15, to the extent funds are available for payment. The Notes shall bear interest at the rates established from the date of issuance until paid and shall mature, unless paid sooner, as to the Series 2004 B-1 Notes, on December 15, 2035 and, as to the Series 2006 B-2 Notes on December 15, 2037.

During 2011, the 2006 B-2 Notes were assigned to Enterprise Bank & Trust Co. in a civil case, No. 11-CV-00026-CV-W-DW, pursuant to a Commercial Pledge Agreement executed by Cygnet Land, LLC.

The Bonds and the Notes shall constitute limited tax obligations of the District. The principal of, premium if any, and interest on or in connection with the Bonds, and the principal of and interest on or in connection with the Notes, shall be payable solely from and to the extent of the revenues of the District pledged to the payment of the Bonds and the Notes. Pledged revenues, consisting of monies derived from the District from (i) its Limited Mill Levy, except for that portion thereof levied for operations and maintenance expense of the District, (ii) Infrastructure Improvement Fees, (iii) Facility Fees, (iv) Water Tap Fees and (v) with respect to the Notes only, any other legally available monies credited to the Note Account, are pledged to the payment of the Bonds and the Notes. The Pledged Revenues are first applied to the Bond Accounts then to the Note Accounts as monies are available.

Debt and Leases – (continued)

Series 2007 Bonds are subject to optional and extraordinary redemption. The Series 2007 Bonds are subordinate in all respects to the District's 2004A Bonds; but senior to the payment of debt service on the Notes. Principal of, and interest on the Series 2007 Bonds payable on any interest payment date will be made only to the extent that the District has revenue in excess of debt service requirements of the Series 2004A Bonds or from sources not pledged to the payment of the Series 2004A Bonds. Unpaid principal and interest on the Series 2007 Bonds due on any date will accrue until such time as the Series 2004A Bonds are no longer outstanding or the District's revenues exceed then current debt service on the Series 2004A Bonds.

Furthermore, owners of the Series 2007 Bonds will have no power to exercise, or to direct the Trustee to exercise, any remedy upon default or otherwise while the Series 2004A Bonds are outstanding.

The Series 2007 Bonds share the same pledged revenue sources as the 2004A Bonds and the Notes. In addition to said pledged revenue; the Series 2007 Bonds and the Notes are also payable from drainage and other credits (if, and to the extent received by the District, the "Credits") paid to the District by El Paso County, Colorado, which Credits are not pledged to the payment of debt service on the Series 2004A Bonds.

The District has no material operating or capital leases.
